11th Annual Recycling & Sustainability Summit Woodlands Marriott Waterway
August 16-20, 2008

NOTE FROM MARIE

Victoria schools are wearing their green! The Victoria Kids Recycle paper recycling program, funded by LyondellBasell, has collected more than 90,000 pounds of paper since September 2007. Three Victoria elementary schools are greener by recycling all paper waste generated on their campus. All VISD elementary schools in Victoria will participate in Victoria Kids Recycle by Fall 2009. The City of Victoria will provide recycling trailers to schools not served by Victoria Kids Recycle thanks to generous funding from Coletto Creek Power. Coletto Creek Power donated \$6600.00 to the Recycling Trailer Exchange program to restore the trailers to their original glory, allowing more schools to go green!

Marie Foster
