

## Atzenhoffer Donates \$500 to Blue Sky Initiative

The City of Victoria Environmental Services Department is hosting the Idle Free Jamboree, a Blue Sky initiative soap box derby, in May 2012. The goal is to raise awareness about harmful emissions caused by unnecessary idling by putting kids behind the wheel of their own environmentally-friendly, emission free cars. Atzenhoffer recently presented a \$500 donation in support of the Idle Free Jamboree. Darryl Lesak (left), Assistant Director of Environmental Services and Kate Garcia (center), Environmental Education Specialist, are shown accepting the donation from Tommy Taylor (right), Sales Manager at Atzenhoffer.
